PROFILE

An expertise in all stages of development (HTML, CSS, JavaScript, React, Webpack, MongoDB, Node.js, Express), I'm dedicated to driving innovation and crafting seamless digital experiences. A young, open-minded, always eager to learn and improve trailblazer who evolved from a deposit clerk to a tech virtuoso. I've switched from working with text and images to supporting IT and managing databases, showing that I can adapt and excel in different roles.

EMPLOYMENT HISTORY

Database Administrator / Support IT at Luminess, Târgu-Mureș

March 2023 — Present

- Assisted users with IT-related issues and provided technical support
- Developed and maintained an IT Help Desk to provide technical support to users
- Implemented IT helpdesk systems and tools, resulting in a 50% improvement in IT support response time
- Providing IT support for approximately 250 workstations, addressing hardware and software issues promptly.
- Monitoring and optimizing database performance, troubleshooting issues as they arise.
- Managing user accounts, permissions, and access control for database systems.
